15F top speed 61 mph. 12F top speed about 55 mph. Both are great reliable skis. Change oil and inspect pump bearings every 50 hours. These skis can run forever with regular maintenance. I am very familiar with both and own a 12F. Have ridden it in the ocean, all over.

Pair of skis 2005 and 2006 STX 12F Kawasaki 4 stroke, both in great running. We used them for fishing and both have fishing racks, coolers and anchors that come with them. Also the orange one has a garmin striker cv4 gps, fish finder and depth finder. I have also changed the oil and put in new spark plugs in both of them, the 2005 orange has a new impeller and bearings in the jet pump.
