The Sound of ITB's, 4AGE Blacktop 20V - YouTube

The biggest attraction is the noise they make due to their high revving nature and the throttle bodies on the intake. The Blacktop engine was sold mainly in cars for the Japanese domestic market and could be found in the AE111 Corolla Levin and Sprinter Trueno models (The AE111 was produced from 1997 to 2001).

Tech: Blacktop

The fifth-generation 4A-GE engine produced from 1995 to 2000 is the final version of the 4A-GE engine and has black cam covers. It uses Toyota Variable Valve Timing (VVT) system on the intake cam. This engine is commonly known as the "black top" due to the color of the valve cover, and yet again features an even higher compression ratio (11:1).

Toyota A engine - Wikipedia
