This volume also contains a glossary of technical terms, biographies of the jurists, basic bibliographies of useful secondary literature, and a detailed introduction to the scholarly topics associated with Roman family law. A course based on this casebook should be of interest to anyone who wishes to understand better Roman social history, either as part of a larger Classical Civilization curriculum or as a preparation for law school.

[PDF] A Casebook on Roman Family Law | Semantic Scholar

The Ancient Roman family was a complex social structure based mainly on the nuclear family, but could also include various combinations of other members, such as extended family members, household slaves, and freed slaves. Ancient Romans had different names to describe their concept of family, including "familia" to describe the nuclear family and "domus" which would have included all the ...
