The Ultimate Guide to Self-Care for Nurses ...

Book Description. Nurses typically go in to the profession of nursing because they want to "care" for patients, not knowing that the inherent stresses of the work environment put them at risk for developing psychological disorders such as burnout syndrome, posttraumatic stress disorder (PTSD), anxiety and depression.

Coping with Caring: A Nurse's Guide to Better Health and ...

It takes one back to the basics of Self Care! It is intended for Nurses, but it easily applies to anyone who works hard and needs to stop, step back, and take care of themselves. It is evident that the author knows what she is talking about as she writes in a very heartfelt and direct manner. Thank you Ms. Scala!
