These two index series remain early testimony to the idea that there are always catalysts for new index development. S&P 500 Low Volatility Index (2011): Finally, if one accepts that weighting components according to dividend yield can be considered the earliest appearance of smart beta, then the S&P 500 Low Volatility Index truly established the concept in the indexing firmament.

**A study of two classics : a cultural critique of The ...**

It is a classic autobiography, an important source for one response to the reception of Darwin, and a magnificent evocation of puritanical religious life during the Victorian age. Most of all, it is a disturbing account of the distortive effect that intolerant and narrow-minded religious upbringing can have on an individual.
