technology, Above the Fold explores the relationship between the stakeholders of a Web project-- the designer, the user and the client -- and how this continuous cycle affects the decisions made by successful Web designers.

Above the Fold: Understanding the Principles of Successful ...

Above the fold is an important principle in web design. It describes the part of a website that can be seen directly under the page's call to action. Even though most studies now assume that users (to a certain extent) are used to scrolling, many marketers are convinced that important content still belongs at the top.

What is Above the Fold? | Content Marketing Glossary ...

above the fold. Above the fold, as it applies to Web design, is the portion of a Web page that is visible in a browser window when the page first loads. The portion of the page that requires scrolling in order to see content is called "below the fold."

What is above the fold? - Definition from WhatIs.com

Above the fold is the upper half of the front page of a newspaper or tabloid where an important news story or photograph is often located. Papers are often displayed to customers folded so that only the top half of the front page is visible. Thus, an item that is "above the fold" may be one that the editors feel will entice people to buy the paper. Alternatively, it reflects a decision, on the part of the editors, that the article is one of the day's most important.
