It is a most welcome addition to the literature of dairy science and technology because it concentrates on a range of fundamental aspects... technologists across the dairy industry may well find this book helpful. Similarly, students of food or dairy science will welcome access to this text." International Journal of Dairy

Technology

With the Advanced Dairy Chemistry series (Fox and McSweeney, eds.), for example, the books are a completely comprehensive coverage of the topic at an advanced level. This book, on the other hand, is not a comprehensive coverage of dairy science and technology, rather is focused quite entirely on dairy technology
