Open Access Statement - Please Read - re.press The Concept of Model is the first of Alain Badiou's early books to be translated fully into English. With this publication English readers finally have access to a crucial work by one of the world's greatest living philosophers. Written on the eve of the events of May 1968, The Concept of Model provides a solid mathematical basis for a rationalist materialism.

Alain Badiou | E-book Download Free - PDF Abstract: Alain Badiou's relationship to the work of Baruch Spinoza is a complex one. Though Badiou admires Spinoza's courageous pursuit of the more geometrico, he is ardently critical of Spinoza on a number of fundamental ontological issues. Because of this, Spinoza often has had to bear the brunt of Badiou's theoretical attacks.

Sam Gillespie - Wikipedia DESCRIPTION : Alain Badiou is rapidly emerging as one of the most radical and influential philosophers of our time. Badiou opposes the contemporary reduction of philosophy to nothing but a matter of language and premature announcements of the end of philosophy and thus sets himself against both analytic and continental modes of philosophy.Setting the traditional platonic concerns of philosophy ...

Benedictus de Spinoza: Besprekingen van Alain Badiou's # ... Badiou and Politics offers a much-anticipated interpretation of the work of the influential French philosopher Alain Badiou. Countering ideas of the philosopher as a dogmatic, absolutist, or even mystical thinker enthralled by the force of the event as a radical break, Bruno Bosteels reveals Badiou's deep and ongoing investment in the dialectic.

Alain Badiou - The European Graduate School Born in Rabat, Morocco in 1937, Alain Badiou was a student at Louis Le Grand and then the L'École Normale Supérieure (1957-1961). Alain Badiou Re Press The Praxis of Alain Badiou takes up the challenge of explicating, extending and, in many places, criticising Badiou's stunningly original theses. Above all, the essays collected here put Badiou's concepts to the test in a confrontation with the four great headings that he himself has identified as essential to our humanity: science, love, art and politics.

Alain Badiou - Wikipedia Sam Gillespie (September 1, 1970 - August 8, 2003) was a philosopher with a particular interest in the work of Alain Badiou, a French philosopher, formerly chair of Philosophy at the École Normale Supérieure (ENS) who wrote about being, truth and the subject in a way that, he claims, is neither postmodern nor simply a repetition of modernity. ...
