listen on your mobile device, iPods, computers and can be even burnt into a CD. The collections also include classic literature and books that are obsolete.

### **Algebra 2 Unit 8 Lesson**

This level of understanding is appropriate for Algebra 2, and is one that can be built on without introducing possible misconceptions in later mathematics courses in which limits are a focus. If students are familiar with the term “magnitude,” use it during this lesson to help describe end behavior.

parade, a group of volunteers is helping to pick up the trash along a 2-mile stretch of a road. The group decides to divide the length of the road so that each volunteer is responsible for cleaning up equal-length sections.

### **Lesson 8 - Illustrative Mathematics Algebra 1, Unit 2.8**

In this warm-up, students look for a relationship between two quantities by interpreting a verbal description and analyzing pairs of values in a table. They then use the observed relationship to find unknown values of one quantity given the other, and to think about possible equations that could represent the relationship more generally (MP8).
