The APK-235 software helps you program memory channels and menu settings of the Alinco DR-235 radio. All the features of the radio are laid out in an easy to use computer interface. Defaults for memory channels are completed automatically. Other options are arranged by function so you don't miss something when setting up a new feature.

DR-235 Radio Programming Software | Alinco Radio Software ...
My DR-235 has been in continuous operation, powered up, 24X7X365 for 8 years! The rig is used in an IRLP simplex system and has not been out of service in all this time. Of course, it is not transmitting continuously but is used multiple times daily.

eHam.net
The 220 MHz band was easy as I had a spare Alinco DR-235 floating around and the control software for it. Two ICOM radios cover the bill for D-STAR and the handheld transceiver is coupled with the dual-band Mirage amplifier boasting its 5 W to 80 W while switching fast enough for the digital headers.
