All Corvettes Are Red Parker

Early in 1997 General Motors unveiled the fifth-generation Corvette. All Corvettes Are Red is the inside story of the people who made that Corvette, from drawing board to assembly line. The gap between the fourth- and fifth-generation Corvettes (C4 and C5, in GM lingo) was the longest ever, and the Corvette program came close to dying.

As GM sank into its sea of red ink, the ripple effect on Corvette was like a tidal wave. On a Monday morning in mid-October, 1992, the tidal wave made landfall. Like the company itself, Corvette was dying. General Motors was all but out of control, managed by rumor, innuendo, press leak, and reflex. Nobody was fully in charge.

All Corvettes Are Red by James Schefter, Paperback ...

Another fly-on-the-wall peek at General Motors (after Michael Shnayerson's The Car That Could, p. 956), this time from a former West Coast editor for Popular Science. Schefter is allowed to prowl around the hallways of GM, focusing on the design and launching of the 1997 Corvette. Schefter begins with the image of a Hindenburg-esque GM in 1992, fighting a staggering loss of \$10 billion.

The official book about the birth of the C5 'Vette is actually called " All Corvettes are Red ". Other colors are available of course, and some over the years have been extremely striking. A Corvette always sets you apart from the crowd on the road or at the mall parking lot, but these colors will even set you apart when you get together with your Corvette owning buddies at a Corvette-only car meet.
