The GSE Aluminum program designs or verifies according to the American code 2015 Edition of the Aluminum Design Manual published by the Aluminum Association (AA ADM-2015) and the Canadian CAN/CSA S157-17 design code. The GSE ALUMINUM allows to verify aluminum members with standard sections and non-standard sections.

AA ADM - Aluminum Design Manual

The Aluminium Automotive Manual aims at providing technical information on aluminium automotive applications. The information is compiled into PDF documents which are classified into six major categories: applications, design, materials, products, manufacturing technologies and joining techniques.

Aluminum design manual 2010 free download by ...

Aluminum Design Manual The 2015 Aluminum Design Manual is essential for all professionals who work with aluminum in structural applications, this comprehensive, up-to-date resource includes: Specification for Aluminum Structures: (US units) The 2015 Specification for Aluminum Structures is the first unified allowable strength design and load and resistance factor design aluminum Specification.

Aluminum design manual 2010 free download - SlideShare

Since the first edition in 1980, the Hydro Design Manual has been continuously updated and made available to customers, architects, designers, engineers and students that are eager to learn more about aluminium and aluminium extrusions. The manual includes photographs, illustrations, tables and technical information.
