This unique illustrated book charts the developments in military uniform in fascinating detail: how the remaining reds and blues of 1900 soldiers died out in preference to browns, greys and greens. It also tracks the evolution of hardware and ammunition.

~~Amazon.co.uk:Customer reviews: An Illustrated Encyclopedia...~~

An Illustrated Encyclopedia: Uniforms of the Napoleonic Wars by Digby Smith is a very good introductory book on the uniforms and armies of the Napoleonic wars. Although this book is jam-packed with illustrations it tries to be all things to all people and ends up doing not much well, but those few things are very good.

Get Free An Illustrated Encyclopedia Of Uniforms Of World War Ii An Expert Guide To The Uniforms Of Britain America Germany Ussr And Japan Together With Other Axis And Allied Forces

~~An Illustrated Encyclopedia: Uniforms of the Napoleonic ...~~

British have about as much coverage as the French, which is surprising, given the lack of uniform variety, other than facings. Being a Napoleonic uniform newbe, I felt rather let down by this book. I do know about other eras and was expecting more from it, but it will serve as a basis to build on. Flags would have been nice too, but there are none.
