Global

NCC spells out changes to AS3500 series. The latest version of the National Construction Code (NCC) comes into effect from 1 May 2019 and brings into play the new Plumbing Code of Australia (PCA), which references the AS/NZS3500:2018 series. The NCC updates are the first since 2015.

NCC spells out changes to AS3500 series

The current pipeline separation standards are based on accumulated field and design experience, and the Ten State Standards.¹ These standards generally require a minimum horizontal separation of 10 feet between parallel pipes, and 18 inches of vertical separation. Many states have adopted these standards as guidance or regulation.
