Irvin D. Yalom is the psychiatrist who thinks like a philosopher and writes like the fine novelist he also happens to be. Becoming Myself delivers not only the engrossing story of one exceptional individual's life, it shines with revelations regarding life as it ought to be lived, Rebecca Newberger Goldstein, author of Plato at the Googleplex: Why Philosophy Won't Go Away

Psychiatry is a medical field concerned with the diagnosis, treatment and prevention of mental health conditions. A doctor who works in psychiatry is called a psychiatrist. Unlike other mental health professionals, such as psychologists and counsellors, psychiatrists must be medically qualified doctors who have chosen to specialise in psychiatry. This means they can prescribe medication as well as recommend other forms of treatment.
