The Bread Lab: A Washington State Treasure. One of the national leaders in the effort to restore flavor and nutrition to available wheat is located just north of Seattle in the Skagit Valley. Dr. Steven Jones runs The Bread Lab, an extension of Washington State University. He is devoted to bringing grain agriculture back to our region.

The Bread Lab functions within the plant breeding & grains program, and is a place for bakers to interact with other bakers, scientists, farmers, and millers. The lab provides immediate access to technical flour and dough testing equipment, such as the farinograph, alveograph, and falling number machine.

The bread lab in my backyard. The lab is part of Washington State University, and although most of their work is with rich-world companies including Clif Bar, La Brea Bakery, and Chipotle, they are also applying their expertise to the problem of malnutrition in poorer countries. For example, I met a Pakistani Ph.D.
