Thinking with People Who Think...

Collaborative intelligence, or CQ, is a measure of our ability to think with others on behalf of what matters to us all. It is emerging as a new professional currency at a time when the way we think, interact, and innovate is shifting.

Thinking With
People Who Think
Differently

Collaborative Intelligence is the culmination of more than 50 years of original research that draws on Dawna Markova's background in cognitive neuroscience and her most recent work, with Angie McArthur, as a "professional thinking partner" to some of the world's top CEOs and creative professionals. Markova and McArthur

common goals and pull together toward them, even as we disagree. In Collaborative Intelligence: Thinking With People Who Think Differently, McArthur and Markova help us begin this important work, and it begins in our daily lives, most notably at work. It is there we spend a bulk of our time and energy.
