### **The Collateral Source Rule and Contract Damages**

Each company with potential collateral civil litigation exposure should be able to demonstrate that its compliance program embodies the essential elements of corporate compliance — leadership (i.e., “tone at the top”), effective risk assessment, meaningful standards and internal controls, appropriate training and communication within the organization, and sufficient monitoring, auditing, and response capabilities.

### **Collateral Damage: The Legislature's Response to Greer v ...**

These executives are collateral damage in the messy world of complex litigation - to the individual, fighting for one's career oftentimes means putting it all on the line in litigation. Nexsen Pruet recently worked with a corporate executive to resolve a work place dispute.

### **Calculating Damages in Securities Class Action Lawsuits ...**

Indeed, managerial credibility reappears as a unifying theme that connects to other issues that commonly arise in disaster litigation, including loss causation and the problem of "collateral damage" for reputational damage, corporate scienter, and the adequacy of risk management and internal controls.

### **Disasters and Disclosures - Harvard University**

Markets and Securities Services Collateral Damage? 2 In the aftermath of the global financial crisis, global leaders committed to reform derivatives markets and regulators subsequently promoted central clearing, electronic execution and the phasing in of UMR regulation. UMR requires market participants, including FXPBs, to post and

### **CiteSeerX — Collateral Damage and Securities Litigation**

The purpose of this study is to examine financial reporting restatements for the presence of collateral damage in the market's reaction. Collateral damage is an assessment of investors' perception of management credibility and a company's internal controls.

### **Estimating Recoverable Damages in Rule 10b-5 Securities ...**

Because securities class action lawsuits under Section 10 of the Securities Exchange Act of 1934 and Rule 10b-5 so rarely go to trial (a topic I addressed in a recent post, here), questions about how damages are calculated are not often addressed directly. Section 28(a) of the '34 Act specifies that no plaintiff shall "recover ... a total amount in excess of [that person's] actual damages."
