Conquistador Sm Stirling

Conquistador is a 2003 alternate history novel by S. M. Stirling. Its point of divergence occurs when the empire of Alexander the Great endures long after Alexander's death, creating a markedly different history that prevents the European conquest of the Americas. Most of the story is set in the parallel universe affected by this history.

Conquistador shares much with Stirling's Island series. Both deposit modern day men in "primitive" surroundings and provide them with the ability to create their own society. Unlike the Island books, Conquistador is set far enough after the founding of New Virginia that Stirling does not have to focus the book on the early settlers' battle for survival.
