the number of states has multiplied, so have constitutions and with them the body of constitutional law, though sometimes such law originates from sources outside the state. The protection of individual rights, meanwhile, has become the concern of supranational institutions, particularly since the mid-20th century.

**Constitutional Law: Principles and
Policy, Cases and ...**

Constitutional law is a body of law based on a ratified constitution or similar formative charter dealing with the fundamental principles by which a government exercises its authority. These principles typically define the roles and powers of the various branches of the government and the basic rights of the people.
