The second claim is that people should be allowed to make the choices necessary to procure a death with dignity. This second claim is the one more commonly used, often by those advocating assisted suicide or voluntary euthanasia.

Death with dignity | Journal of Medical Ethics

That's the meaning of death with dignity: being able to exercise your right to die a peaceful death when your fatal illness cannot be cured and you still have the freedom and capability to make such a decision. It's a personal choice that's exercised by rational people of legal age, from young adults to the elderly.

Elderly Suicide vs. Death With Dignity: What You Should Know

Death with dignity laws, also known as physician-assisted dying or aid-in-dying laws, stem from the basic idea that it is the terminally ill people, not government and its interference, politicians and their ideology, or religious leaders and their dogma, who should make their end-of-life decisions and determine how much pain and suffering they should endure.

Death with Dignity Acts - States That Allow Assisted Death

At Death with Dignity National Center, we value the inherent dignity and worth of all human beings. We work every day to realize a future in which all people have the freedom to decide how they live and die. Our commitment to these values places us in solidarity with the Black community and those protesting against centuries of oppression ...
