psychoanalytical theory and the personality trait theory. The goal here is to summarize the main points.

Psychological Theories of Crime and Delinquency

When examining psychological theories of crime, one must be cognizant of the three major theories. The first is psychodynamic theory, which is centered on the notion that an individual's early childhood experience influences his or her likelihood for committing future crimes. The second is behavioral theory.

Psychological Theories of Crime (Criminology Theories ...

Many theories of causation have been developed to account for deviant behavior among adults and juveniles. It is safe to conclude that none of these explanations fully account for all cases of crime and juvenile delinquency. However, experts agree that a correlation exists between drug use and deviance.³
