From Observation

**Drawing From
Observation An
Introduction**

Brian completed a five-year project of writing, illustrating, and designing an introductory perceptual drawing text, Drawing from Observation, which McGraw-Hill published in 2002. This book contains over two hundred drawings from Miami students.

From Observation

Observation. by Brian Curtis. This is a highly informative book about observational drawing.

One of the recurring themes is the distinction between what you see

(percepts) and what you know (concepts).

Drawing From Observation - The Key Point

Observational drawing is an integral component of many
