Hedge Fund Fees to Expect with Your Investment. A management fee is a fee that the fund manager receives each year for running the money in the fund. Usually set at 1 percent to 2 percent of assets in a fund, the management fee covers certain operating expenses, salaries for the fund manager and staff, and other costs of doing business.

Introductory Guide - LSE Research Online

What a Hedge Fund Is. Unlike public mutual funds, hedge funds are generally limited to wealthy investors with an appetite for high risks and high fees. Typical hedge fund fees include a 2 percent management fee and a performance fee, typically around 20 percent, paid to the manager for investment gains over the prior year.

Introducing Basic Types of Hedge Funds - dummies

Evolving shareholder activism over time. Hedge funds, on the other hand, generally invest in securities solely to make money from the change in the asset's price, without any major intent to change the structure or profitability of the company itself, and therefore hold the assets for much shorter periods of time,...

Beginners' Guide: Investment funds | Financial Times

Other hedge fund managers are paid on a pure profit arrangement. Going back to the now famous Buffett partnerships, Warren Buffett took between 25% and 50% of profits but also agreed to cover partner losses to varying degrees, exposing himself to far more risk than many professionals would be comfortable doing.
