Evidenced by citations in over 1,500 SPE technical papers, the ECLIPSE simulator is widely acknowledged as the industry's leading reservoir simulator. Petrel reservoir engineering environment The user environment for the ECLIPSE family of simulators is Petrel Reservoir Engineering, which integrates the static and dynamic modeling process into a seamless workflow.

simulator. Although the general set-up for input files for different reservoir simulators has much in common, the detail syntax is obviously unique to each simulator. In these notes, we focus on the syntax used by the market leading reservoir simulator Eclipse , by Geoquest / Schlumberger, which is used by many oil companies with offices in Norway.
