Reading and writing has a lot of benefits that can get you through life. Reading books can increase your intelligence by understanding vocabulary and information more. In college and in the real world you will be doing a lot of reading and writing so it's a good preparation.

The importance of reading and writing

“Writing and reading are related.” Research has shown that when students receive writing instruction, their reading fluency and comprehension improve. NCTE provides many resources that emphasize the reading and writing connection.

The Relationship Between Writing and Reading - NCTE

Through its Read/Write research program, the Institute intends to contribute to improvement of reading and writing skills by (1) identifying curriculum and instructional practices that are potentially effective for improving reading or writing outcomes

Access PDF Energize Research Reading And Writing Fresh Strategies To Spark Interest Develop Independence And Meet Key Common Core Standards Grades 4-8

as well as mediators and moderators of the effects of these practices; (2) developing interventions for teaching individuals reading or writing or for addressing the underlying causes of reading or writing difficulties (e.g., poor oral ...

Archived: Reading and Writing Education Research

Compared to subjects such as math and reading, the amount of research on how to teach writing is tiny. Earlier in 2019, Slavin searched for rigorous research on teaching writing from second grade to high school. He and his Johns Hopkins colleagues, along with researchers in Belgium and the United Kingdom, found only 14 studies that met their ...
