Building Effective Teams (ArmyStudyGuide.com)

Bruce Tuckman, an educational psychologist, identified a five-stage development process that most teams follow to become high performing. He called the stages: forming, storming, norming, performing, and adjourning. Team progress through the stages is shown in the following diagram.

The Five Stages of Team Development | Principles of Management

In stage one of group development, members need leaders who are clear about goals and deliverables and who assign roles and responsibilities to each person in the group. Leaders are more directive than participative, and decision making is controlled by the leader. The leader is central.
