Exponential Organizations: Why New Organizations are Ten ...

Exponential Organizations offers an expert look into this new, critical form of company organization that the authors contend will soon become an industry standard. You'll learn exactly what an exponential organization, or ExO, is and how you can build your own. Companies like Uber and AirBnB are some top examples of ExOs; if your company wants to survive, you've got to adapt.

~~Exponential Organizations: Why new organizations are ten ...~~

MicroSummary: In Exponential Organizations, Salim Ismail tells us about a new type of company that has been emerging. Exponential Organizations have revolutionized the way a business can grow and scale through technology. They ignore the limits of slow and linear growth and use factors such as big data, communities, and new algorithms to outperform their competitors' performance benchmarks.

~~Exponential Organizations: Why new organizations are ten ...~~

Why new organizations are ten times better, faster and cheaper than yours (and what to do about it)". An Exponential Organization (ExO) is a purpose-driven entity that leverages new exponential technologies and a set of common organizational attributes that allow them to tap into and manage abundance to scale exponentially as technology does.
