Garden Guide: 20 Proven Lessons on How to Build Your Own ...

One of the best gardening tips you'll ever get is to plan your new garden near a water source. Make sure you can run a hose to your garden site, so you don't have to lug water to it each time your plants get thirsty. The best way to tell if plants need watering is to push a finger an inch down into the soil (that's about one knuckle deep).
