**How to Get a Better Golf Swing: 14 Steps (with Pictures ...**

The grip is your only connection with the golf club. Placing your hands properly on the golf club helps you better control the position of the clubface at impact. During the swing your body turns to create power. Since the body is rotating, the golf club must rotate at the same rate. In other words, the body and the club must turn together as a ...

**Proper Golf Grip Technique: Your Ultimate Guide - USGolfTV**

It is generally agreed that a successful and consistent golf swing requires precise timing and mechanics, from the grip and position of one's fingers, to the position and movement of the feet. At any moment of the swing, whether back-swing, downswing, or upswing, something can go wrong that will throw off the whole body and result in a mishit.
