The main differences between Greek and Roman mythologies are the names and descriptions of the gods and to what extent the citizens accepted the mythologies as history. Most of the Roman gods and legends were directly based on their Greek predecessors, so even though they were recorded differently, many aspects of the mythologies are similar.

You probably don't need to know Greek mythology. I mean, it's not very likely that you'll be in a life or death situation where you'll have to veer your spaceship away from the Titan (a) and King of the Gods (b) planets and back towards the Love (c), War (d), and Messenger (e) deities in order to find your way back to Earth. Nor will it make very much difference if you fail to recognize the ...
