Hackhs Chemical Dictionary 3ed

In his preface to the First Edition, author Ingo W. D. Hackh, states: "A chemical dictionary should state clearly and precisely the theories, laws and rules; describe accurately the elements, compounds, minerals, drug, vegetable and animal products; list concisely the important reactions, processes, and methods; mention briefly the chemical apparatus, equipment and instruments; and, finally, should note the names of the investigators who have built up the science.it should not forget to ...

Hackh's Chemical Dictionary: American and British Usage. Third edition (Grant, Julius, ed.) Laurence S. Foster

Webster's New College Dictionary, Third Edition: Editors ...

It is disclosed that aluminum alkoxides are hydrolyzed to produce alcohols and a selected water-soluble aluminum salt by performing the hydrolysis in an aqueous sulfuric acid system. The alcohols are readily separated from the aluminum salt solution following which the selected soluble aluminum salt is readily converted to an insoluble aluminum salt to facilitate its separation from water.
