Curl your hand into a fist, leaving a small space less... The Paper Tube This method is more of an extension of the Curled Fist Method. You roll up ...

How to See Color - Explore Drawing and Painting

To try to see these colors, put a yellow object and blue object right next to each other and cross your eyes so that the two objects overlap. The same procedure works for green and red. The overlapping region may appear to be a mix of the two colors (i.e., green for blue and yellow, brown for red and green), a field of dots of the component colors, or an unfamiliar color that is both red/green or yellow/blue at once.
