schizophrenia. However, there are also other causes and triggers, including physical medical conditions.

### **Illusions, delusions and the brain. A Ramachandran lecture on body image and mind body interactions.**

In other dementias, delusions are more common than hallucinations, which occur well into the disease cycle, if at all, and are less often visual. Fluctuating good days and bad days are another hallmark of LBD. On a good day, thinking is clear, and these illusions, hallucinations and delusions may not occur; on a bad day, they may be intense.
