Maybe that's because there also isn't a way to "level" listening. We have a lot of teachers ask us what Lexile level our public radio stories are. But there are many reasons why a straight Lexile level is not the way to go for an audio story. Interestingly, research shows students can listen two to three grade levels higher than they ...

While assessments and interventions for decoding have been the focus of pedagogy in the past several decades, the importance of listening comprehension has received less attention. This paper reviews evidence showing that listening comprehension becomes the dominating influence on reading comprehension starting even in the elementary grades.
