Journal Of General Virology Volume

Journal of General Virology welcomes high-quality research and review articles that contribute significantly to the field of virology. We particularly welcome fundamental studies on virus replication, pathogenesis and virus-host interactions. We also welcome phylogenetic or epidemiologic studies, or studies that address clinical aspects of virus infection, provided that these lead to testable ...

Journal Of Virology Vol 70 No 14 April 1996

The history of virology – the scientific study of viruses and the infections they cause – began in the closing years of the 19th century. Although Louis Pasteur and Edward Jenner developed the first vaccines to protect against viral infections, they did not know that viruses existed. The first evidence of the existence of viruses came from experiments with filters that had pores small ...
