The Fate character doesn't seem to act much on people's fates, although he's capable of observing them. Camilla is rarely called act as a force for karma. The book isn't poorly written— Donna Augustine writes both humorously and grammatically— but in the end, the book simply has too few redeeming merits.

Karma is going to have to dig deep to protect others that have become important to her. I found the same delicious dialogue that is a trade mark of Donna Augustine in all of her books. And Karma is the type of strong female character I love to read about in a well told story.
