Sherry Turkle is rapidly becoming the sociologist of the Internet, and that's beginning to seem like a good thing. While her first outing, *The Second Self: Computers and the Human Spirit*, made groundless assertions and seemed to be carried along more by her affection for certain theories than by a careful look at our current situation, *Life on the Screen* is a balanced and nuanced look at some ...

Sherry Turkle: Life on the Screen - Transparency

In *Life on the Screen: Identity in the Age of the Internet*, MIT Professor of Sociology Sherry Turkle examines how human-computer interaction, especially as related to the Internet, has shaped our perception of self. The book has a distinct Boston air to it -- thankfully that of a cozy Cambridge coffee shop and not a downwind Charles River pier.
