## Chapter 2 - Intercultural Competence

Intercultural competence is a range of cognitive, affective, and behavioural skills that lead to effective and appropriate communication with people of other cultures. Effective intercultural communication relates to behaviors that culminate with the accomplishment of the desired goals of the interaction and all parties involved in the situation.

---

Download Intercultural Competence (7th Edition) Pdf Ebook  
An "intercultural" study involves interaction among people from two or more cultures. Consequently, interactions among people from different cultures are intercultural communication; the term "cross-cultural competence" is vacuous. A second conceptual issue relates to the manner in which the ICC term is used.
