"Magick is the science and art of causing change to occur in conformity with will." Aleister Crowley was a noted and controversial occultist, ceremonial magician and poet. He has been called "the wickedest man in the world" or "The Great Beast 666 " or "The Master Therion" but he remained a highly influential figure over Western esotericism and the counterculture.

Part III is titled "Magick in Theory and Practice", and is perhaps the most influential section within Book 4. In this part, magick (with the terminal -k) is defined in Crowley's now famous "Introduction", which is the source of many well-known statements, such as "Magick is the Science and Art of causing Change to occur in conformity with Will."

The general theory of Magick proposes that there are various forces which are represented by the classical elements (air, earth, fire, and water), the planets, the signs of the Zodiac, and adjacent spaces in the astral world. Magick also proposes that various spirits and non-corporeal intelligences can be present.

My former work has been
misunderstood, and its scope limited, by
my use of technical terms. It has
attracted only too many dilettanti and
eccentrics, weaklings seeking in "Magic"
an escape from reality.
