Hi, I'm able to buy a 1993 MAHO MH 600 C with rotary table, B-axis. It has Heidenhain cnc 532 control. The machine is used but still in good shape I suppose. The problem is that the machinetrader doesn't have the control manual (cnc 532) with it. I've done some milling on a 400E with Philips cnc 432 a little while ago, but never used the 532 control before.
