décor as a means of expression for your clinic—a way to reinforce your brand identity. This definitely is an area where you can get creative, but it helps to have some kind of focused concept.

### **5 Tips for Creating an Inviting Reception Area in Your Clinic**

Furniture should be washable and fire-retardant. To prevent falls, choose carpeting that contrasts with the color of the clinic's reception furniture. Scale and Separation: When designing clinics for children, incorporate child-sized seating and tables into reception area/check-in room. Allow a separate seating area for children who are ill and contagious to prevent spreading illness.

Install carpet throughout the room for complete coverage. If an area rug doesn't reduce the echo enough, putting carpet across the entire room may get rid of the echo more fully. Buy carpet online or in a home supply store. Ask the store you're shopping in for their recommendations for carpets that absorb sound particularly well.
