~~Why don't people making minimum wage get a better job ...~~  
Making the minimum payment on a credit card will only pay on the interest. Say you owe \$500 and the Minimum payment is \$20. That will be applied mostly to the interest and when the next billing cycle comes you will more then likely still have an outstanding credit line of the \$500.

~~Why is it unwise to make only the minimum ...—answers.com~~  
making the minimum payment is fine and you're complying with your contract with the store. How it hurts is that interest is probably high so it will take you a long time to pay off, plus in the meantime you're still buying stuff. And that's how they trick us. They make money on the interest and so everyone is happy about that except you.
