Media literacy is the ability to identify different types of media and understand the messages they're sending. Kids take in a huge amount of information from a wide array of sources, far beyond the traditional media (TV, radio, newspapers, and magazines) of most parents' youth.

What is media literacy, and why is it important?

Media literacy encompasses the practices that allow people to access, critically evaluate, and create or manipulate media. Media literacy is not restricted to one medium. The US-based National Association for Media Literacy Education defines it as the ability to access, analyze, evaluate, create, and act using all forms of communication. Media literacy education is intended to promote awareness of media influence and create an active
