Melanie Klein Her Work In

Meira Likierman provides an excellent companion book to anybody interested in the work and life of Melanie Klein. Likierman provides a lucid overview of Klein's main theoretical views and concepts. More importantly, she puts Klein in perspective by providing the context within which Klein conceived her views and elaborated on them.

Amazon.com: Melanie Klein: Her Work in Context ...

Melanie Klein was an Austrian-British author and psychoanalyst known for her work in child analysis. She was the primary figure in the development of object relations theory. Klein suggested that pre-verbal existential anxiety in infancy catalyzed the formation of the unconscious, resulting in the unconscious splitting of the world into good and bad idealizations. In her theory, how the child resolves that split depends on the constitution of the child and the character of nurturing the child ex

Melanie Klein - Wikipedia

Melanie Klein remains one of the most important and influential figures in psychoanalysis. Klein pioneered the analysis of children and applied her insights on the infantile origins of unconscious drives to adult analysis. Melanie Klein: Her Work in Context by Meira Likierman

Melanie Klein, née Melanie Reizes, (born March 30, 1882, Vienna, Austria—died Sept. 22, 1960, London, Eng.), Austrian-born British psychoanalyst known for her work with young children, in which observations of free play provided insights into the child's unconscious fantasy life, enabling her to psychoanalyze children as young as two or three years of age.

Melanie Klein | British psychologist | Britannica

Grosskurth is to be commended on her ability to present a complex view of a woman whose work she clearly idealizes. Melanie Klein emerges as a woman as difficult to grasp as her ideas: At once both a bullish narcissist who required complete fidelity by her students and analysands, and a remarkable pioneer who overcame gender obstacles, anti-semitism, and lay status to become one of the century ...

Melanie Klein: Her World and Her Work (The Master Work ...

Melanie Klein was probably the most controversial and influential figure that has yet appeared on the British psychoanalytic scene. She left Germany in 1926 and settled in London where she soon quarrelled with Anna Freud.

Melanie Klein: Her Work in Context: Amazon.co.uk ...

Melanie Klein (1932) is one of the key figures in psychoanalysis. Her unabashed disagreements with Freudian theory and revolutionary way of thinking was especially important in the development of child analysis. Her theories on the schizoid defences of splitting and projective identification remain influential in psychoanalytical theory today.

Melanie Klein and Object Relations Theory | Simply Psychology

Out of Klein's work, the technique known as 'play therapy' emerged and is still used extensively today in psychotherapy. She met Sigmund Freud for the first time at the 1918 International Psychoanalytic Congress in Budapest, which inspired her to write her first psychoanalytic paper, "The Development of a Child."
