The last time I got some Permakays for free they only had a 10year extended warrantee on them. Apparently Motorola no longer has any lifetime warrantee on anything. Also there were 2 versions of the UHF Mocom 70, one that used as described a VHF 45w PA that went into a varactor tripler. The later versions were true UHF PA's.

As for the modifications for amateur use, none of the Motorola manuals list this since modifying the unit may (not always, but may) violate type acceptance where the transmitter is concerned. The low band Mocom 70 units just used plug in HC6/U crystals and did not have the temperature compensation.

Those manuals were available at the time the article was written but may no longer be available today. Motorola usually discontinues support for radio products that are over ten (10) years old. This means no more parts and no more manuals. If you need a manual for a radio, call Motorola and see if it's still available.

Since the 70's always had an interest in radio communications (scanners), was into the CB craze, and just recently with retirement got back into scanners. I'm not techno proficient. I'm restoring 2 old Firetrucks, and the MOCOM 70/Motrac/Private Line radio heads and old school Motorola metal speakers are period correct and set off the cabs nicely.
