Since its inception, Aqua Design Amano (ADA) has been developing products for achieving beautiful Nature Aquarium layouts under the concept of "Learn from Nature". With the aim of creating harmony between nature and human life, ADA sends out various information from lush greenery environment.

### Home | ADA Nature Aquariums

ADA's vision is to create an environment where the roots of aquatic plants develop a symbiotic relationship with the naturally occurring bacteria and microorganisms. Organic compounds in the substrate layer become broken down and create inorganic compounds, which eventually become food for aquatic plants via absorption from the roots.
