~~Based on techniques developed and practised by the authors, this book teaches parents how to use cognitive behavioural techniques with their children and in so doing, become their child's therapist, helping them to overcome any fears, worries and phobias. Addresses specific fears and phobias as well as general anxiety and 'worrying'.~~

~~OVERCOMING YOUR CHILD'S FEARS AND WORRIES -GUIDANCE FOR ...~~

~~Let your child learn that you always come back. For your young child who's afraid of the dark, have a soothing bedtime routine. Read or sing to your child. Let your child feel safe and loved. Help your child slowly face fears. For example, check together for under-bed monsters. With you there to support her, let your child see for herself there's nothing to fear. Help her feel her courage.~~

~~Helping Your Child with Fears and Worries 2nd Edition: A ...~~

To help your child overcome their fears, start by asking them about what makes them scared and why they feel that way. Then, come up with a simple "magic" solution that will get rid of the fear. For example, if your child is afraid of monsters in their room, mix water with scented oils in a spray bottle, and label it "Anti-Monster spray."

~~3 Ways to Help Your Child Overcome Fears — wikiHow~~

5 Parenting Tips for Helping Your Child Overcome Fear: Be patient. Like parents of children who fear the dark, you must take tiny steps. Don't push your child to race beyond his courage. Go slow. Do the following activities on different days. Draw the fear. Tell Brent, "Let's draw bugs together." Congratulate him. Touch the bugs in his drawings.

~~Helping Children Conquer Their Fears | Hand in Hand Parenting~~

- Give child choice of which step to try first Child gets distressed whilst doing a step - Acknowledge their distress and encourage them to keep going
- Say: "I know you can do this, remember how you did x, you can do this" - Get them to think how they will feel afterwards Child refused to do step more than once - Give additional reward for repeated attempts You/your child forgot to do step

~~Overcoming Your Child's Fears And Worries by Cathy Creswell~~

Here are some tips to help your child overcome nighttime fears: What is your child afraid of? Begin by identifying the fear. Listen to your child. Ask open-ended questions to allow your child to tell you what makes him or her scared at bedtime. Don't make fun of your child's fears. What may seem funny or trivial to you is very real to your child. Do not support belief in your child's imaginative creatures.

Play that helps children overcome their fears starts by giving a child Special Time, during which the grownup does whatever the child wants to do (See our booklet, Special Time, one of the Listening to Children booklets.) You are the listener. Notice what your child loves to do, and support her with closeness and approval.
