The Politics of German Defence and Security: Policy ...

The post-Cold War era has witnessed a dramatic transformation in the German political consensus about the legitimacy of the use of force. However, in comparison with its EU and NATO partners, Germany has been reticent to transform its military to meet the challenges of the contemporary security environment. Until 2003 territorial defence rather than crisis-management remained the armed forces ...

Germany - Military Policy

Germany is at the forefront of European states seeking to advance the creation of a more unified European political, defence, and security apparatus. For a number of decades after WWII, the Federal Republic of Germany kept a notably low profile in international relations, because of both its recent history and its occupation by foreign powers.
