## Practice Standard For Work Breakdown

Practice Standard for Work Breakdown Structures (2006). Work breakdown structures (WBS) are a guide for defining work as it relates to a specific project's objectives. Project professionals use a WBS to define project deliverables and establish the structure to manage work to completion. The Practice Standard for Work Breakdown Structures - Second Edition (Reaffirmed) provides direction for the preliminary development and implementation of the WBS.

# Access PDF Practice Standard For Work Breakdown Structures Second Edition

The Practice Standard for Work Breakdown Structures-Second Edition supplies project managers and team members with direction for the preliminary development and the implementation of the WBS. Consistent with A Guide to the Project Management Body of Knowledge (PMBOK® Guide)-Third Edition, the WBS Practice Standard presents a standard application of the WBS as a project management tool.
